for Compensation and for Reimbursement of Expenses for April 4, 2002 through February 3, 2014 (the "Final Fee Application").

By this Final Fee Application BMC seeks the final allowance of compensation in the amount of \$9,292,715.50 and reimbursement of actual and necessary expenses in the amount of \$834,264.36 for a total of \$10,126,979.81, or one hundred percent (100%) of all compensation and expense reimbursement requested, for the period April 4, 2002 through February 3, 2014 (the "Fee Period"), and payment of any unpaid portion of such fees and costs. In support of this Final Fee Application, BMC respectfully represents as follows:

Background

1. On April 2, 2001, each of the Debtors (collectively, the "Debtors") filed a voluntary petition for relief under chapter 11 of title 11 of the United States Code (the "Bankruptcy Code"). Pursuant to Sections 1107 and 1108 of the Bankruptcy Code, Debtors are continuing to operate their businesses and manage their properties and assets as debtors in possession. Since the Petition Date, the U.S. Trustee has appointed the following creditors' committees: Official Committee of Unsecured Creditors, Official Committee of Asbestos Personal Injury Claimants, and Official Committee of Asbestos Property Damage Claimants (collectively, the "Committees"). No trustee has been appointed in Debtors' Chapter 11 cases.
2. The Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b)(2).
3. On April 2, 2001, the Court entered its order that Debtors' chapter 11 cases be consolidated for procedural purposes only and administered jointly.
4. By this Court's order dated May 3, 2002, Debtors were authorized to retain BMC as their counsel, effective as of April 4, 2002, with regard to the filing and

prosecution of their Chapter 11 cases, and all related matters (the "Retention Order"). The Retention Order authorizes Debtors to compensate BMC at BMC's hourly rates charged for services of this type and to be reimbursed for actual and necessary out-of-pocket expenses that it incurred, subject to application to this Court in accordance with the Bankruptcy Code, the Federal Rules of Bankruptcy Procedure, all applicable local rules and orders of this Court.

5. On May 3, 2001, the Court entered an Administrative Order establishing procedures for interim compensation and reimbursement of expenses of professionals. That order was amended by the Amended Administrative Order, signed on April 17, 2002. Pursuant to the procedures set forth in the Administrative Order and the Amended Administrative Order, professionals may request monthly compensation and reimbursement, and interested parties may object to such requests. If no interested party objects to a professional's request within twenty (20) days, the applicable professional may submit to the Court a certification of no objection authorizing the interim compensation and reimbursement of eighty percent (80%) of the fees requested and 100% of the expenses requested, subject to the filing and approval of interim and final fee applications of the professional. The professional is also to file a quarterly interim fee application.

Monthly Fee Applications Covered Herein

6. Prior to the filing of this Final Fee Application, monthly fee applications for the time period April 4, 2002 through February 3, 2014 had been filed with the Court. Attached hereto as Exhibits 1 through 4 are copies of the monthly fee applications filed by BMC in the Debtors' cases which have not yet been approved by the Court.

7. The monthly fee applications covered by this Final Fee Application contain detailed daily time logs describing the actual and necessary services provided by BMC during the Fee Period as well as other detailed information required to be included in fee applications.

Requested Relief

8. By this Final Fee Application, BMC requests that the Court approve the final allowance of compensation for professional services rendered and the reimbursement of actual and necessary expenses incurred by BMC from April 4, 2002 through February 3, 2014, and payment of any unpaid portion of such fees and costs. As stated above, the full scope of the services provided and the related expenses incurred are fully described in the monthly fee applications for the Fee Period that already have been filed with the Court. To the extent that BMC has incurred fees and expenses in addition to the foregoing, BMC reserves the right, and respectfully requests that the Court authorize BMC, to file a supplemental fee application(s) by following the interim compensation procedures set forth in the administrative Order and Amended Administrative Order and submitting a certificate of no objection and order to the Court for final approval of such fees and expenses as may be reflected in any supplemental fee application.

9. At all relevant times, BMC has been a disinterested person as that term is defined in §101(14) of the Bankruptcy Code and has not represented or held an interest adverse to the interest of the Debtors or the Committee.

10. All services for which compensation is requested by BMC were performed for or on behalf of the Debtors and not on behalf of any committee, creditor or other person.

11. BMC has received no payment and no promises for payment from any source other than the Debtors for services rendered or to be rendered in any capacity whatsoever in connection with the matters covered by this Final Fee Application. There is no agreement or understanding between BMC and any other person other than the partners of BMC for the sharing of compensation to be received for services rendered in these cases.

12. The professional services and related expenses for which BMC requests final allowance of compensation and reimbursement of expenses were rendered and incurred in connection with this case in the discharge of BMC's professional responsibilities as attorneys for the Debtors in these chapter 11 cases. BMC's services have been necessary and beneficial to the Debtors and their estates, creditors and other parties in interest.

13. In accordance with the factors enumerated in section 330 of the Bankruptcy Code, it is respectfully submitted that the amount requested by BMC is fair and reasonable given (a) the complexity of the case, (b) the time expended, (c) the nature and extent of the services rendered, (d) the value of such services, and (e) the costs of comparable services other than in a case under the Bankruptcy Code. Moreover, BMC has reviewed the requirements of Del. Bankr. LR 2016-2 and the Administrative Order and Amended Administrative Order and believes that this Final Fee Application complies with such Rule and Orders.

WHEREFORE, BMC respectfully requests that the Court enter an order, substantially in the form attached hereto, providing that, for the period of April 4, 2002 through February 3, 2014, a final allowance be made to BMC in the sum of \$9,292,715.50 as compensation for reasonable and necessary professional services rendered to Debtors and in the sum of \$834,264.36 for reimbursement of actual and necessary costs and expenses incurred, for a total of \$10,126,979.81, that Debtors be authorized and directed to pay to

BMC the outstanding amount of such sums; and for such other and further relief as this Court
deems proper.
